## objective

To obtain a web design position utilizing my creativity and programming knowledge.

## qualifications

Highly skilled in Adobe Photoshop, Dreamweaver, Illustrator, Flash, In-Design, XHTML, CSS, jQuery, and CMS integration. Have a strong background in typography, web design, composition, digital imaging, and concept design.

## education

Bachelor of Fine Arts, emphasis in Graphic Design.  
University of Missouri - St. Louis. Dean's List member every semester. Graduated Magna Cum Laude spring 2007.

## employment

- |             |   |
|-------------|---|
| 2007 - 2010 | SteadyRain - Designed and built websites for a variety of clients local and international. Programmed and designed for Flash and other interactive applications. <a href="http://www.SteadyRain.com">www.SteadyRain.com</a> |
| 2005 - 2007 | Elsevier - Designed for medical related ads, posters, brochures, logos, emails and websites. Acted as a liaison between the web and print departments. <a href="http://www.Elsevier.com">www.Elsevier.com</a>               |
| 2005 - 2007 | The Firecracker Press - Printed and designed for letterpress printing. Combined the use of antique printing presses with modern design techniques. <a href="http://www.FirecrackerPress.com">www.FirecrackerPress.com</a>   |

## about me

When not designing websites I'm an avid guitar player that loves to perform. Some of my other interests include scooters, snowboarding, modern art, and hiking. My wife Sara is a gallery director and photographer. She enjoys fine art, crafting, and being my full time muse.
